

HARRISON IS INTERVIEWED

Thinks Bryan Will be a Power in the St. Louis Convention.

CHANCES FOR DARK HORSE

And That Dark Horse May be None Other Than General Miles.

(Special to The Times-Dispatch.) CHICAGO, ILL., June 7.—Supposing the defeat of all the present leaders in the race for the Democratic presidential nomination and convinced that William J. Bryan's personality will be a powerful force in the national convention, Mayor Carter H. Harrison reviewed the party situation—general, State and county.

Platform issues, as well as candidates, were discussed, the Mayor holding that tariff revision, opposition to trusts and opposition to militarism would be the principal features of the St. Louis creed.

"It is hard at this time to tell what will happen at the national convention next month in St. Louis," said Mayor Harrison. "There has not been enough centralization of sentiment to assure the nomination of any aspirant. Judge Parker has developed more strength than any other candidate in the field, but at the same time he has developed an opposition that is likely to leave him short of the requisite number of votes in the convention."

"The chances are that the nominee for President will be a new man, a man whose strength has not been shown sufficiently up to this time to make him a leader in the race. There is no question that Mr. Hearst's fight is lost. Judge Parker, I regard, is out of it. Mayor McClellan, of New York, would have been a strong candidate had it not been for the element of doubt regarding his constitutional qualification for the presidency, which would render his nomination dangerous."

"Judge Gray, of Delaware, has shown strength and may be in the line of possible candidates. I have just spoken of him as a very strong man. His position in the coal miners' strike is especially to his credit, and would give him strength before the people."

"Personally I have thought there would be a very good chance for someone to develop in the convention in favor of General Nelson A. Miles. He has a splendid military record, and while strong in the older, underlying principles of Democracy, is what may be termed a Democrat of the advanced school. Stranger things have happened in national conventions than the nomination of General Miles by the coming Democratic convention."

"I have felt in the talking I have done for Representative Williams that with the backing of Illinois he might be nominated. He is not a radical, yet he believes in modern Democracy. He would be a happy medium between the Eastern conservative Democrats and the Western Bryan Democrats. He has shown himself strong as a vote-getter, as he was elected last time in a district which was carried by the Republican State ticket by 2,500."

"I don't think Mr. Cleveland could be nominated under any circumstances, although I know there is a strong desire on the part of his friends to make him the candidate. The anti-third term feeling was so strong that it upset General Grant's ambitions, and he was a stronger man with the people than Mr. Cleveland ever was."

"The talk of friends of Richard Olney, of Massachusetts, and Senator Gorman has developed so little enthusiasm for either that they scarcely are to be considered in connection with the presidency."

"I think William J. Bryan will control at least one-third of the national convention. A thing that must not be lost sight of is the fact that Mr. Bryan will be there. His personality will be felt on the floor of the convention. The people have seen what his personality can do in a convention; they are liable to see it again."

"One of the principal features of the national platform, in my opinion, will be opposition to what you might call militarism. By this term I mean the development of a fighting nation, which seems to be the ambition of President Roosevelt. Any one who followed the course of the President in his trip through the West last year and read his speeches will find constant effort along this line."

"The expression of the successful man is the one who gets the drop or who 'pulls the trigger first,' are calculated to develop a spirit that is out of harmony with all the ideals of the past. The highest American ideals are those of peaceful victories."

FORECAST OFFICIAL CLARK FOUND DEAD IN CHAIR

(By Associated Press.) SCRANTON, PA., June 8.—Frederick M. Clark, forecast official of the Weather Bureau, was found dead in a chair in his office here to-day. Death was due to heart failure. Mr. Clark was a member of an old Virginia family. He was the weather observer on one of the Green relief expeditions.

ceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system, and carry off the bodily impurities through the proper channels. The skin, with good blood to nourish it, remains smooth and free of all disfiguring eruptions. Send for our book on diseases of the skin, and write as if you desire medical advice or any special information. This will cost you nothing.

REMBERTON PRICE & CO.

SUCCESSORS TO THOMAS R. PRICE & CO.

Good and Warm.

"The pleasure of memory" alone can speak of the cool and bracing days. Now we are up against the kind that tries the temper and the strength. Whether you go away to rough it or to take part in the social whirl, you will need our timely attention.

Natural Linens, in the brownish tint you know so well; just the thing for traveling gowns, 12½c, 15c, 20c, 25c; all linen.

Cotton Voiles, that refuse to crush, call aloud for recognition, for hard service, blue, green, gray and modes, all Twelve and a Half Cents.

The Silk Mull, both in plain and in the polka spot, are timely textile fabrics for summer service—

Plain at Seventeen Cents.

Dotted at Twenty-five Cents.

All the color scheme is represented in these cloths; of course, black, white and cream.

This has been a great season on White Goods. You will find here only the kind that are fully worth while.

There's India Linon from 6½c to 25c; all standard goods and no seconds. These and the ordinary driftless, shiftless auction bargains we do not handle, nor endorse. The after effects of such bargains are what we dread, like certain patent medicines.

French Nainsook, wide and staunch, we have from 25c to \$1.00 the yard.

Wash Chiffon likewise wins its way like wine, beginning at 25c and going easily to Fifty Cents.

Our goods somehow, like our methods somehow, the public seem to like. We always look forward to every "drop in" customer becoming a regular house patron. Sometimes we think the public knows a good thing at sight. At any rate, we treat all alike, black and white, and the result seems satisfactory.

Samples cheerfully and promptly sent.

Always something new coming hither.

LIBERTY BELL AT THE EXPOSITION

Five Thousand Children See the Famous Revolutionary Relic at St. Louis.

(By Associated Press.) WORLD'S FAIR GROUNDS, ST. LOUIS, MO., June 8.—The historic Liberty Bell arrived from Philadelphia today in response to the petition of 90,000 public school children of this city, and will remain in the Pennsylvania building until the close of the World's Fair.

Mayor John Weaver, of Philadelphia, and other officials who accompanied the bell, were escorted to their hotel, where they were called on by Mayor Wells, President Francis, of the Exposition, and other city and Exposition officers.

The entire party then proceeded to Union Station, where the bell had been placed on a specially prepared float, and accompanied by a squad of mounted police and a long line of military organizations, the famous Revolutionary relic was taken to the Exposition, where formal exercises were carried out.

OFFICE BOY PRESIDENT.

Started in Bank as Messenger and Is Now the President.

(Special to The Times-Dispatch.) HAMILTON, OHIO, June 8.—Charles E. Heiser, who thirty-two years ago began his career with the Second National Bank as office boy and messenger, was today elected president of the institution to succeed William H. Brown, who died last week. He has worked in every position in the bank, and was until today cashier.

Colonel Harwood is one of the strong "Pro" leaders, and in the position to which he was again elected, his life has done due work for the association.

HIGHWAYMEN STOP TRAIN

Two Masked Men in Colorado Hold Up Express on Denver and Rio Grande.

THE BRAKEMAN IS SHOT

The Express Car Dynamited and Sealed Bags of Money Are Taken.

(By Associated Press.) SALT LAKE, UTAH, June 8.—Denver and Rio Grande passenger train No. 5, west bound, was held up near Palisade, Colo., a station just east of Grand Junction, early to-day.

Brakeman Shellenberger was seriously wounded by a bullet from the run of one of the two hold-up men, and the conductor's lantern was shot from his hand.

The robbers flagged the train about two miles from the station, and when the trainmen went forward they were confronted with revolvers by two masked men.

Marching the conductor back to the train, the bandits detached the engine and express car from the coaches and blew open the safe, after running the locomotive and car some distance up the track.

POSSE AFTER ROBBERS. One sealed bag containing specie was taken from the express safe, which was dynamited. The express car was badly wrecked by dynamite, but the robbers were forced to take to the mountains before they could gather up the valuables in the car. Posses are now on the trail of the robbers.

When the train reached a point three miles west of Palisade two masked men crawled over the tender of the engine. They fired at the heads of Engineer Allison and his fireman and made them stop the train.

Three men who were waiting on the tender then jumped down and uncoupled the express and baggage cars. These cars, with the engine, were run two miles further west. The robbers blew away the side door of the car with dynamite, and half a dozen trunks were demolished. A stick of dynamite was then placed against the lock of the safe in the car.

At this point Brakeman Shellenberger, who had been ordered to remain in the passenger coaches, two miles behind, came running up with a lantern. One of the robbers shot him in the leg. He is now in a hospital in Grand Junction.

When the robbers saw that the train crew were coming they fled to the mountains. One of them, as he jumped from the express car, dropped one sealed bag, which had been blown clear out of the safe. This was the only plunder which was taken.

AT THE CASINO.

The dancing and singing of the Eight English Girls at the Casino is one of the greatest vaudeville "turns" seen in the city for many years. The girls are about the same height, and dance in perfect time. There were two splendid audiences yesterday and the applause was in keeping with the size of the audience—generous. Otto Broder, Max Brown and Lillian and Lillian LeRoy all did well. Four were seen at their best. The girls performed a series of dances to-night, with a final matinee on Saturday.

GATHERED IN JERUSALEM

King Menelik Sent Message to Sunday School Convention. An exceedingly interesting letter, dated from Edinburgh, has been received by Dr. James P. Smith, of this city, from Mr. W. H. Thomas, of Bluefield, Va., who, with the Rev. S. B. Moore, of Roanoke, and the Rev. S. B. Moore, of Pocahontas, has represented Virginia in the International Sunday School Convention at Jerusalem. The party visited Palestine, Egypt, Italy, Switzerland, France, Ireland and Scotland. Mr. Thomas expected to sail for Southampton yesterday for New York.

The convention was a very interesting and striking affair. A large tent, seating about 1,500 people, was pitched directly north of Herod's Gate. Many from the East wore their native costumes, making the assemblage quite picturesque. The American party numbered 81, and a smaller delegation attended from Great Britain. With British and American officials were an American church dignitary, the high priest of the Samaritans, the Mohammedan superintendent of public instruction, and other representatives of Eastern churches and peoples. Before the close an Abyssinian general brought the greetings of King Menelik, and expressed his belief in the final triumph of Christianity in all the world.

Wedded on Fulton Hill.

The residence of Mr. F. R. Woodson, of Fulton Hill, was the scene of a pretty wedding last night at 8:30 o'clock. When Miss Octavia Woodson became the bride of Mr. William Rudesyl, of North Carolina. The ceremony was performed by the Rev. William A. Law, of this city. Mr. Francis was best man. The ushers were Messrs. Ernest Woodson, Frank Bowls and Audrey Childrey.

Failed of Quorum.

The Street Committee, which was called for yesterday afternoon to take up the petition of certain citizens who oppose allowing the Cohen Company to build across an alley in the rear of their store on Broad Street, failed of a quorum. The meeting will come up at the regular meeting next Wednesday.

Our New Way To Repair Shoes

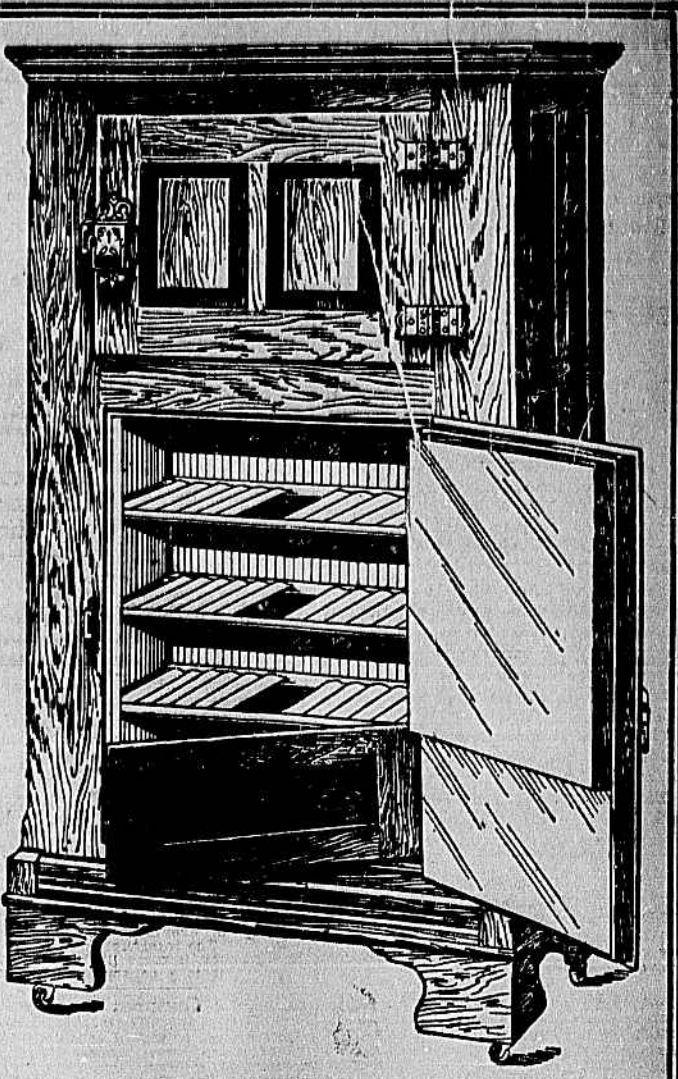

There is no joint in the shank. The sole is joined under the heel, and there are no nails used except in the heels. The sole is first cemented on with rubber cement, which prevents squeaking and keeps out the moisture. Then they are sewed on an electric stitch, which uses a lock stitch and linen thread, and does not rip and makes a neater job than the old way, and more lasting.

SKIN DISEASES

The Outcropping of Bad Blood.

While not always painful these are aggravating beyond expression. With few exceptions they are worse in spring and summer, when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter months. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging.

Canton, Ohio, August 6, 1903. S. S. S. is a good medicine. I keep it in the house all the while. It is an excellent tonic to give strength to the system and tone to the organs. It gives appetite and energy and makes one feel better in every way. I have found it also an excellent blood purifier. For months I was troubled with an itching skin eruption on the face, and tried specialists and many remedies to get a cure, but S. S. S. is the only medicine that seemed to relieve. I am now comparatively free of this eruption. I think a great deal of your medicine, believing it to be the best blood purifier and tonic known to the world to-day.
